

make such changes without consultation with the grantee and the Regional Administrator.

#### § 207.6 Use of funds.

(a) The grantee or subgrantee must use management cost funds provided under this part in accordance with § 13.22 of this chapter and only for costs related to administration of PA or HMGP, respectively. All charges must be properly documented in accordance with § 207.8(f).

(b) Indirect costs may not be charged directly to a project or reimbursed separately, but rather are considered to be eligible management costs under this part.

(c) Activities and costs that can be directly charged to a project with proper documentation are not eligible for funding under this part.

#### § 207.7 Procedures for requesting management cost funding.

(a) *General.* This section describes the procedures to be used by the grantee in requesting management cost funding.

(b) *State Administrative Plan Requirements.* State administrative plans, as required in § 206.207(b) of this chapter for PA and § 206.437 of this chapter for HMGP, must be amended to include procedures for subgrantee management costs amount or percentage determination, pass through, closeout, and audit, as required by § 207.4(c)(3) before management cost funds will be provided under this part.

(c) *Initial Funding Request Submission.* Upon notification of the preliminary lock-in amount(s) for management costs based on the Federal share of the projected eligible program costs for PA and HMGP, as applicable, the grantee must submit its initial management cost funding request to the Regional Administrator. FEMA must receive the initial funding request before it will provide any management cost funds under this part.

(1) For PA management costs, funding requests shall be submitted using a PW.

(2) For HMGP management costs, funding requests shall be submitted using an HMGP project narrative.

(d) *Request Documentation.* The grantee is required to submit, no later than 120 days after the date of declaration, documentation to support costs and activities for which the projected lock-in for management cost funding will be used. In extraordinary circumstances, FEMA may approve a request by a grantee to submit support documentation after 120 days. FEMA will work with the grantee to approve or reject the request within 30 days of receipt of the request. If the request is rejected, the grantee will have 30 days to resubmit it for reconsideration and approval. FEMA will not obligate the balance of the management costs lock-in pursuant to a final funding request as described in paragraph (f) of this section or any interim amounts as allowed under paragraph (e) of this section unless the grantee's documentation is approved. The documentation must include:

(1) A description of activities, personnel requirements, and other costs for which the grantee will use management cost funding provided under this part;

(2) The grantee's plan for expending and monitoring the funds provided under this part and ensuring sufficient funds are budgeted for grant closeout; and

(3) An estimate of the percentage or amount of pass-through funds for management costs provided under this part that the grantee will make available to subgrantees, and the basis, criteria, or formula for determining the subgrantee percentage or amount (*e.g.*, number of projects, complexity of projects, X percent to any subgrantee).

(e) *Interim Funding Request.* If the grantee can justify a bona fide need for an additional obligation of management cost funds at 6 months, the grantee may submit a request to the Regional Administrator. Any interim obligations by FEMA must be approved by the Chief Financial Officer and will not exceed an amount equal to 10 percent of the 6-month lock-in amount, except in extraordinary circumstances.

(f) *Final Funding Request.* Upon notification of the final lock-in amount(s), the grantee must submit a final management cost funding request to the Regional Administrator. Any necessary

## § 207.8

## 44 CFR Ch. I (10–1–14 Edition)

revisions to supporting documentation must be attached to the final funding request.

### § 207.8 Management cost funding oversight.

(a) *General.* The grantee has primary responsibility for grants management activities and accountability of funds provided for management costs as required by part 13 of this chapter, especially §§ 13.20 and 13.36. The grantee is responsible for ensuring that subgrantees meet all program and administrative requirements.

(b) *Period of availability.* (1) For major disaster declarations, the grantee may expend management cost funds for allowable costs for a maximum of 8 years from the date of the major disaster declaration or 180 days after the latest performance period date of a non-management cost PA PW or HMGP project narrative, respectively, whichever is sooner.

(2) For emergency declarations, the grantee may expend management cost funds for allowable costs for a maximum of 2 years from the date of the emergency declaration or 180 days after the latest performance period of a non-management cost PA PW, whichever is sooner.

(3) The period of availability may be extended only at the written request of the grantee, with the recommendation of the Regional Administrator, and with the approval of the Chief Financial Officer. The grantee must include a justification in its request for an extension, and must demonstrate that there is work in progress that can be completed within the extended period of availability. In no case will an extended period of availability allow more than 180 days after the expiration of any performance period extensions granted under PA or HMGP for project completion. FEMA will deobligate any funds not liquidated by the grantee in accordance with § 13.23 of this chapter.

(c) *Reporting requirements.* The grantee must provide quarterly progress reports on management cost funds to the Regional Administrator as required by the FEMA-State Agreement.

(d) *Closeout.* The grantee has primary responsibility for the closeout tasks associated with both the program and

subgrantee requirements. Complying with each program's performance period requirement, the grantee must conduct final inspections for projects, reconcile subgrantee expenditures, resolve negative audit findings, obtain final reports from subgrantees and reconcile the closeout activities of subgrantees with PA and HMGP grant awards.

(e) *Audit requirements.* Uniform audit requirements in § 13.26 of this chapter apply to all assistance provided under this part.

(f) *Document Retention.* In compliance with State law and procedures and with § 13.42 of this chapter, grantees must retain records, including source documentation to support expenditures/costs incurred for management costs, for 3 years from the date of submission of the final Financial Status Report to FEMA that is required for PA and HMGP. The grantee is responsible for resolving questioned costs that may result from audit findings during the 3-year-record-retention period and returning any disallowed costs from ineligible activities.

### § 207.9 Declarations before November 13, 2007.

(a) *General.* This section describes how FEMA provides administrative and management cost funding for PA and HMGP for major disasters or emergencies declared before November 13, 2007.

(b) *Eligible direct costs.* Eligible direct costs to complete approved activities are governed by part 13 of this chapter. The eligible direct costs for administration and management of the program are divided into two categories as follows:

(1) *Grantee.* (i) *Statutory administrative costs.* FEMA may provide funds to the grantee to cover the extraordinary costs incurred in preparing project worksheets or applications, final inspection reports, quarterly reports, final audits, and related field inspections by State employees, including overtime pay and per diem and travel expenses, but not including regular time for such employees. FEMA will base the funds on the following percentages of the total amount of assistance provided (Federal share) for all
